Sheila:

ORD's participation in the Bristol Bay Assessment is supported by ORD's Safe and Sustainable Waters Research Program. Jennifer is the interim National Program Director for the SSWRP. Both Jennifer and her counterpart in ORD's Sustainable and Health Communities Research Program (Rick Linthurst) are aware of the Bristol Bay Assessment and support ORD's involvement. I'm sure Jennifer will be most interested in hearing details concerning how the Region 10-OW-ORD team is framing the objectives and approach to the assessment and what is needed to make this assessment a success. Outside of that, I'm not sure of Jennifer's specific interests. Jennifer is a smart, organized scientist. You should have a great discussion. Let me know if you should want me on the line.

Jeff

Subject: R10 visit by ORD Water Research Director

Jeff, Glenn - Just wanted to let you know that Jennifer Orme-Zavelata, ORD's National Program Director (NPD) for the water research programs will be visiting R10 next week. Phil North and I have been invited to meet with her re: Bristol Bay (Rick P will be in Alaska). I'm not sure how her program intersects with yours, but just wanted to make you aware of this meeting. If you have any suggestions for this meeting or how the water research program might be helpful at BB, please let us know.
